- English   *Bilingual*

About Me

A passionate web developer, I am dedicated to creating innovative online solutions. Proficient in HTML, CSS, and JavaScript, I build user-friendly websites that drive engagement. With strong problem-solving skills and a background in freelance web design, I bring adaptability and collaboration to every project. My proudest achievement is boosting online sales and market visibility for a local startup through a fully functional e-commerce website.

Professional Experience

French Teacher - Dalia High School
Sept 2017 - Today /Full Time
- Accomplished notable improvements in student test scores through interactive teaching methods.
- Successfully developed a custom online learning platform for enhanced virtual education.
- Distinguished by a commitment to student-centered learning and innovative teaching techniques, fostering a love for learning among students.

Translator - Ben Akoun Firm
June 2016 - Oct 2016 /part time Time

- Achieved exceptional accuracy in translations, consistently meeting or surpassing client expectations.
- Led complex multilingual projects, showcasing proficiency in English, Arabic and French.
- Stand out through a keen cultural understanding and nuanced translation that resonates with diverse audiences.
